# DAVID MILLER

## A Message from the Mayor

It gives me great pleasure to extend my sincere congratulations to Booth Centennial Healthcare Linen Services (BCHLS) on receiving the Green Healthcare Award for Energy Efficiency, awarded by the Ontario Hospital Association and the Canadian Coalition for Green Healthcare.

BCHLS is one of the largest healthcare laundry facilities in North America, servicing member hospitals and long-term care facilities across the Greater Toronto Area with acute and operating room linen for more than 40 years.

The establishment of the BCHLS Green Team was vital in significantly improving energy efficiencies, reducing its environmental footprint and energy costs. Global warming is the single biggest challenge facing our planet and I am delighted that organizations like BCHLS are joining the City of Toronto in the fight against climate change. This kind of partnership will aid the City in reducing greenhouse gas emissions, creating cleaner air and help achieve a more sustainable energy-efficient future.

On behalf of Toronto City Council, I would like to congratulate Booth Centennial Healthcare Linen Services for receiving this award and for your continued efforts to make our city a cleaner and greener place to live, work and visit.

Yours truly,

A handwritten signature in black ink that reads "David Miller". The signature is written in a cursive, flowing style.
